Gentlemen

I have been receiving Coins
from Eastern Dealers (particularly from
Mr J. Colvin Randall of your City) on approval
and with the privilege of retention 30 Days.
Are you able to furnish me selections from
your stock on the same terms? I also am
able to supply other dealers with considerable
stock and can probably make it mutually
advantageous. I can give you Phil^a reference
if you desire. Please let me hear from you.

Very Truly Yours

Gentlemen

Your Postal Card of the 14th just rec'd. I should have written you for this in reply to your former communication but had neglected to ask Mr. Knapp's permission to use his name as reference. I think however he will not have the least objection. Just at present I think I can do better with some Half Dollars than anything else. You may send me therefore as fine a line as you have of Half Dollars, dated prior to 1817. I want a couple of 1815's, one choice, one not so fine as I think I can sell both. Also one fine, or even uncirculated if you have it, 1836 Milled Edge. Send Varieties of the Dates prior to 1815, but choice pieces. Give me bottom figures and I will do the best I can with them. You may rest assured I will not kill a sale by asking too great a profit for myself. Send me also an 1804 Cent at from \$5 to \$7. and an 1856 Nickel Cent, "Proof". I may, perhaps be able to dispose of a 1799 Cent worth, say \$15⁰⁰. If you send me as above I will not retain them longer than two weeks as this is our first attempt to do business together.

Very Truly Yours
A. S. Field.

"Good". Do not think I could sell them "Fine".

Gentlemen

My examination of
the package sent me discloses the
fact that you have sent me but
little of what I wanted and a
great deal that I did not want.
I doubt my ability to sell any
large amount of what you have
sent me as most of my customers
I have already supplied with the
majority of the pieces sent me. The
1856 Nickel Cent and the 1795 Half
Dollar are already sold. However, I
will do the best I can with them.

If you had sent a full line of
the Halves paid to 1847 as requested
(I did not expect a 96 or 97) I think
if fine I could have done well with
them. I have myself on hand about
300 Half Dollars from 1806 to 1850 all
from Good to Very Fine so needed none
of the date except those sent for. I
think I recognize among the Quarters
some pieces I sold Mr Knapp. I can
send you quite a lot of bright red
Uncirculated Cents from 1850 to 1856
inclusive at 15¢ each. As I said
before though I will do the best I can
for you in the time specified in
your letter and return by July 9th.

Respectfully

Gentlemen

Mr A. S. Knauff called on me day before yesterday presenting your letter authorizing me to give him anything he might want from the lot sent me. There was nothing in it, however, that he would take. I return you therefore today per Express the whole (less the few pieces I have been able to sell) and your list as requested, marking the pieces disposed of. The amount of my indebtedness to you is \$8⁰⁰. I send also \$1 Half Dollars which you can have for \$17⁵⁰ or you can select 13 of them for \$8⁰⁰. If neither of these offers suit you, return them to me and I will send you P.O. Money Order at once for the \$8⁰⁰. In case you should take all, please send me P.O. M.O. for the difference (\$9⁰⁰) or if you should select 13 as above return remaining 18 per Express. I think if you had sent me more of the dates sent for I should have been able to do better with them. The prices on the 1815 & 1852 Halves precluded the possibility of their sale. About all of my customers are only collecting the U.S. Mint Series and Colonials are slow sale here. I hope sometime hereafter I shall be able to dispose of a much larger amount for you.

Respectfully Yours, A. S. Field

Package of \$1 Half Dollars returned, received on Saturday. I forwarded the enclosed P.O. Money Order at once to send you but was compelled to leave the City suddenly and so had no opportunity to write you until today. I don't pay any attention whatever to Indian relics or anything in the "Curiosity" line. What I do in Coins is almost exclusively in the U.S. series. I may grant some more Coins sent on approval after a while but not at present.

Your Postal Card of the 19th rec'd. I can use the following "Small Prof Sets", viz: Four (4) of 1866 - Four (4) of 1867 and Two (2) of 1876. You may send me therefore what you can of those dates at figures given me, but they must be in As Condition. I can also use a set of Uncirculated Cents (1857 to 1879) if Perfect and cheap. You may send them also "on approval" with the others. The 1799 Cent I do not want. Could probably dispose of an 1850 Half Dollar Phil^a Mint Fine to Uncirculated at a reasonable price. Possibly it will prove to be cheaper to ship per Express than by mail. When you have any "Small Prof Sets" 1864 to 1876 on hand advise me and state price.

Gentlemen

I am just in receipt per Express of yours of the 2^d.
with Coins from Sale May 28th and others on apporral. The 1846 1/2 Dime
sent me on apporral I return herewith not being fine enough for me. The
1879 Set of Half, Quarter & Dime I will keep at my bid of \$1²⁵ but cannot
make anything on them above that figure. I note you exceeded my bid on
Lot #541 and I think it is rather straining a point to Catalogue the piece
as "Good". I am buying them here in July as good preservation for 60¢ Each.
Still we shall not disagree seriously on so small a matter. Please send me
a Priced Catalogue of the Sale and advise as to the 1879 Set on apporral.
Will remit as soon as I hear from you and include price of Catalogue.

Very Truly Yours

Gentlemen

Your Postal And acknowledging receipt of my
remittance to Bal ap^ond. I can use the 1815 Half Dollar "Very Fine"
at a fair reasonable price and you may send it on appraisal. I think
possibly I could dispose of some of the following if in good to fine condition
and at not too high figures.

Half Dollars. 1794-1801-1802. Quarter Dollars. 1796-1804-1806 over 05-1824.

Dimes & Half Dimes of the older scarce dates.

I can see all the parties likely to purchase any of the above inside of three
days so as to be able to return them not disposed of soon.

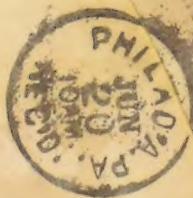

Very Truly Yours

A. J. Field
